

Dear Family and Friends:

Christmas to some people means Christmas dinner and gifts. As Christians it is only small part of the meaning of Christmas. It is much more the birth of Gods son Jesus Christ. The special celebration wise man following a star looking for a palace only to find a manger place of humility. Wrapped in common clothes not of a king of special child that would change the world. Truly something more than dinner and gifts, banquet for all to participate. Jesus is the reason for the season.

This Christmas will be different from previous years as COVID-19 continues to grow. Some families will not be able to celebrate together because of their size, geographic location, or health status. Most will have no choice but look inward define what Christmas really means. Statistics tell us trend this year focus away from others to purchase personal gifts. The ultimate personal Christmas gift Salvation provided through Jesus Christ.

Let us remember drivers on the road during this Christmas holiday. Traveling across Canada and United States away from family and friend's delivery necessary items you and I enjoy. Walter, Glen and Jim regular drivers visiting chapel share trials tribulations of life on the road comfort Christ brings to them. From the hearts of drivers to the heart of our supports THANK YOU for enabling us to pray for and encourage these men in their time of need.

Encouraging news from Edmonton Chapel. Within the first hour of operation a local couple gave their lives to Christ. Special THANK YOU to those who pray for and support the ministry in Edmonton.

The future is extremely exciting with the opening of Edmonton Chapel in September, plans are underway for chapel placement at Pilot Flying J Travel Centre Hope British Columbia while there is strong interest in ministry at Pilot Flying J Travel Centre Nanton Alberta.

Change of venue for Open Road Chapels annual meeting are under discussion at Board level. It has been suggested that each region of Canada have their own Annual Meeting or Town Hall Meeting. Local supporters can meet Open Road Chapels leadership, receive reports national and locally. Stay tuned for more details.

Part of my job description requires the raising of financial support for my personal and ministry needs. If you are not already part of our team we would encourage you to join us in proclaiming Gospel of Jesus Christ to men and women in the world of trucking. Thank you in advance for your participation. To donate, please click [here](#).

From our household to yours we wish you and your entire family a very Merry Christmas and prosperous New Year.

Ron and Linda Clark
Western Canadian Director
