

Happy Thanksgiving

God is great! Linda and I had a great summer even though it seemed to fly by. As we enter the fall season, we admire what God has created with the trees changing colours and the crops being harvested. For Linda and I it is a time to reflect and be thankful for everything we have.

It is great to be back at the Meeting Place after our vacation, to listen to and help the drivers with their daily struggles and successes.

One driver that I always look forward to seeing is a lady by the name of Donna. Donna has had a hard life. She was in an abusive marriage and is a cancer survivor, but has a positive attitude toward life and what God has done in her life. She always has a story about how she has been able to share Christ with another driver. Donna is an inspiration to me and an example of how God works in peoples' lives.

It would be great to sit down and chat with you over a cup of coffee, about how God is changing peoples' lives.

Linda and I are thankful for the time our volunteers spend at the Meeting Place even though they have challenges in their lives. Their time is a valuable ministry that furthers God's kingdom. We would like to have more volunteers so we can have a larger presence at the truck stop. If you are interested in serving as a volunteer, get in touch with me at 403-605-8422, or email me at levnor@telus.net.

Raising financial support to meet my personal and ministry needs is part of my job description. Even though people have been very generous, which Linda and I are deeply thankful for, we require additional funding to reach our current budget. To learn more about how to become a financial partner in the ministry, please see the [Donations](#) page on this web site or you can click on one of the donate buttons located throughout the web site. ***Thank you for your prayers and financial support.***

We can't do this ministry without you.

In closing, Linda and I would like to thank the entire ministry team for their support and prayers. The work at the Meeting Place is rewarding and helps the drivers realize that we care about them and the sacrifices that they make to keep the products moving so we can enjoy the life we have.

God bless,
Ron & Linda Clark
