

Have you ever experienced an accident that didn't happen? You know the feeling. Your heart feels like it's stopped; body parts freeze; your hands feel like they are glued to the steering wheel!

On our trip to Knoxville, Tennessee, Suzanne and I experienced these feelings. On a single-lane road, one truck tried to merge with another truck coming and he encountered a close "relationship" with the guard rails. When both trucks recovered from the danger, experience tells me that the CB radios were communicating from both vehicles.

The Lord often uses "guard rail experiences of life" to get our attention.

Sometime ago a driver sought me out as I walked around the truck stop. "Could I have 5 minutes of your time?" Earlier that day a car had driven directly into the path of his truck that was loaded with lumber. Looking me straight in the eye he said, "I don't know how I missed the car." Quietly he began to share his spiritual journey of growing up in a Christian family; attending Church, but with no commitment to Christ. With soft, gentle words he said, "He got my attention. I will give Him all of mine."; finally surrendering his life to Christ.

Writing this letter, my thoughts return to 2 drivers travelling on the single lane road. Both men will not forget their experience for some time! What happens next? Where will they find solace? From family, friends, substance abuse? Who will release their burden? The only answer is found in Christ, who lifts our burdens and sets us free.

From the hearts of weary drivers, PLEASE, help us reach drivers caught in the guard rails of life. CAN YOU HELP?

YES! YOU CAN HELP! Your investment in our special task force will empower "Knights of the Road bringing freedom to the road" one step closer to reaching hurting drivers. THIS IS HOW IT WORKS. Beginning this year, we are asking the Lord for 100 people to invest \$20.00 per month in a history-changing process explained as follows:

Three major Pilot Flying J Travel Centres from across Canada – Fort Erie and London, Ontario and Edmonton, Alberta, have been selected according to need. During this year selected full-time or volunteer chaplains, specifically trained and living close to the location, will begin ministry at one of these locations two days each month – with the future goal of five days per month. During this lengthy process, pertinent information will be compiled with the objective of placing permanent chapels at these locations mid- to late 2019.

Friends, why not choose to help us out and become one of the 100 people, knowing that you are making a difference. [Click here](#) to donate now. The next time you see a transport driver, "remember he could be a believer because of you!"

A special "Thank You" to our faithful supporters who pray and/or support us personally and the ministry of Open Road Chapels.

As we approach Easter, let us not forget the cost of our salvation. The third day is the time of celebration; death defeated and Salvation the victor!

Your servant in Christ,

A handwritten signature in blue ink, appearing to read "D. Harrison".

Rev. Don Harrison
Executive Director, Open Road Chapels

P.S. Knights of the Road needs you!
