

# He is risen!

Easter 2024

Dear Friends:

The weather this last week was so mild I took a chair and sat outside to greet the truckers as they entered “the J” (Pilot Flying J Travel Center). Yes, the weather had a great impact and more than usual came by to receive a gift and be prayed over and blessed. There seems to be a belief that we skipped winter and went directly to spring. Winter was such a meek and mild season this year.

It is becoming more common to see husband and wife doing trucking together. Young couples before they have family and more aged after the family is grown. It is delightful to see younger children skipping alongside Dad as they venture into the truckstop lounge.

The grass is turning green in many areas of our lawns. A sure reminder that spring and new birth in all things is about to take place. Even the birds are becoming very zealous and vocal, awaking us in the early morning. Our privilege of celebrating Easter corporately and unitedly is fast approaching. What an honour to celebrate together the coming of Christ to take our place on the cross, His death, His burial, His resurrection, and His ascension. Thank God for the new birth in the Spirit He has purchased for us!

**Thank you for your partnership! Thank you for your prayers!** That’s what moves the hand of God. Truly it is such a delight to see men coming and making Christ Saviour and Lord of their lives. Their hunger and thirst brings them to the fellowship, and then what follows is vibrancy, expectancy, and brings renewal to our own faith. The most recent converts have attended Saturday morning 6:00 AM prayer meetings. They are eager to share on Sunday how, when they called upon God, He met their needs this last week. They continually ask questions and are growing in faith. Your partnership in prayer, living, and volunteering help make this happen!

**May the Lord bless you and your family.**
